Question: 60

In the case of terminal support, which of the following encryption methods support fast roaming?

- A. wpa+psk
- B. wpa2+psk
- C. wpa2+802.1x
- D. wep

Answer: C

Question: 61

A 5dB coupler has a coupling degree of 5dB and an insertion loss of 2dB. If the input signal power is 17dBm , the output power of the coupling port is :

- A. 10dBm
- B. 12dBm
- C. 14dBm
- D. 15dBm

Answer: B

Question: 62

A large enterprise wants to build an office network based on WLAN , and now wants to run a routing protocol between two core switches and multiple ACs . It requires the use of an open standard IGP protocol and supports the area division function. Which of the following protocols is the most preferred?

- A. RIP
- B. OSPF
- C. EIGRP
- D. BGP

Answer: B

Question: 63

In the VRRP hot backup scenario, which of the following description of the WAC 's CAPWAP source address is correct?

- A. The address where the AP accesses the WAC is the physical address of the main WAC
- B. WAC 's CAPWAP source address is the primary and standby WAC virtual address
- C. Any address configured in WAC can be
- D. The address where the AP accesses the WAC is the physical address of the standby WAC

Answer: B

Question: 64

In the ACU2 solution of an independent AC board in a WLAN campus network project , the switch where the board is located and the ACU2 board are logically two independent network elements, that is, independent management equipment.

- A. TRUE
- B. FALSE

Answer: A

Question: 65

Under normal circumstances, when the material is the same thickness, which of the following obstacles will attenuate the 2.4GHz signal the most?

- A. Metal
- B. Asbestos
- C. Wooden door
- D. Tinted glass

Answer: A

Question: 66

In the HT40 mode, the main channel sends beacon messages and some data messages, and the auxiliary channel sends other messages.

- A. TRUE
- B. FALSE

Answer: A

Question: 67

In order to prevent network attacks based on source address spoofing, the binding table matching check is performed on the received IP packets to prevent illegal packets from passing through the AP and improve the security of the network. Which of the following functions can be enabled?

- A. Dynamic ARP inspection function
- B. Flood attack prevention function
- C. ND Snooping function
- D. AP 's IPSG function

Answer: D

Question: 68

Which of the following encryption algorithms has the highest security strength?

- A. WEP
- B. TKIP
- C. CCMP
- D. DES

Answer: C

Question: 69

In a room sub-system, using AP9330DN , each indoor antenna can be set to a different channel to avoid co-frequency interference.

- A. TRUE
- B. FALSE

Answer: B

Question: 70

What is the core of the wireless medical positioning system ?

- A. WIFI network
- B. Positioning engine
- C. TAG label
- D. Monitoring platform

Answer: A

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
