Question: 48

How do you route an assignment so that any available member of the department can perform the task?

- A . Route the assignment to a work list.
- B . Route the assignment to the admin user I
- D . Route the assignment separately to all members.
- E . Route the assignment to a work queue.

Answer: D

Question: 49

In an application that sells office supplies, the Payment view displays order items and collects payment information. In the Payment section rule, the order items are grouped in a dynamic layout. You find out later that the Order Summary view must also display the order items.

How do you configure the UI so that the order items display is shared between the Payment view and Order Summary view?

- A . Convert the Payment section layout that contains order items to a section, and embed this section in the Order Summary section.
- B . Build the Order Summary section with a layout inside to group the order items, similar to the Payment section.
- C . Embed the Payment section in the Order Summary section.
- D . Reuse the Payment section in the Order Summary view and use a disable when condition to disable payment information on the Payment section rule.

Answer: D

Question: 50

User A should have application permissions that are identical to User B's permissions. Unlike User B, User A lacks access to the My Cases page.

How do you grant access to the My Cases page for User A?

- A . Update User A to the same role as User
- C . Add the My Cases page to the User A profile.
- D . Update the User A account to access the same portal as User
- F . Add the My Cases page to the User A role.

Answer: A

Question: 51

A manager requests a report that contains the following columns: Create Date, Case ID, Create Operator, and Work Status. You must sort the cases so the case with the most recent create date appears at the top of the list and descends

in order.

How do you design the report definition to support this requirement?

- A . Add a filter condition where Create Date is greater than the current date.
- B . Make the Create Date the first column in the report.
- C . Select Highest to Lowest sort type for Create Date.
- D . Select Lowest to Highest sort type for Create Date.

Answer: C

Question: 52

A purchase request list report includes columns for case ID and regional cost center. A manager wants the report to show the total number of purchase requests for each of the regional cost centers.

How do you configure the report definition?

- A . Summarize the regional cost centers by count.
- B . Create a filter for each cost center and count the case IDs.
- C . Summarize the case ID column by count.
- D . Define a function for the cost center column to total the case IDs.

Answer: C

Question: 53

A customer refund case type requires that an auditor receives an email notification if the refund is greater than twice the price of the item.

Which participant role do you select to configure this requirement?

- A . Customer
- B . Interested individual
- C . Owner
- D . Work queue

Answer: D

Question: 54

DRAG DROP

Select each security implementation on the left and drag it to the corresponding security policies.

<u>Implementation</u>	<u>Answer Area</u>	
Stop or slow a brute-force attack by enforcing a waiting period after three failed attempts.	<u>Implementation</u>	<u>Security policies</u>
A user is required to verify their identity with a one-time password sent by SMS text message.		Multi-factor authentication policies
Stop or slow a brute-force attack by enforcing a challenge-response test upon authentication failure.		CAPTCHA policies
		Lockout policies

Answer:

<u>Implementation</u>	<u>Answer Area</u>	
Stop or slow a brute-force attack by enforcing a waiting period after three failed attempts.	<u>Implementation</u>	<u>Security policies</u>
A user is required to verify their identity with a one-time password sent by SMS text message.	A user is required to verify their identity with a one-time password sent by SMS text message.	Multi-factor authentication policies
Stop or slow a brute-force attack by enforcing a challenge-response test upon authentication failure.	Stop or slow a brute-force attack by enforcing a challenge-response test upon authentication failure.	CAPTCHA policies
	Stop or slow a brute-force attack by enforcing a waiting period after three failed attempts.	Lockout policies

Question: 55

Hospital staff members enter appointment details including relevant patient information, diagnoses, lab orders, and prescribed medication. This information is aggregated in the Patient visit summary view. The patient receives a copy of this view through email.

Which two configurations, when applied in combination, achieve this behavior? (Choose Two)

- A . Add a Create PDF automation that references the Patient visit summary view.
- B . Add a Send Email step and enable the option to include attachments.
- C . Add a Send Email step and compose the message to reference the relevant properties.
- D . Enable email notifications on the case type.

Answer: AC

Question: 56

Users can select a check box to subscribe to a text messaging service. Selecting the check box displays a field for a user to enter a mobile phone number.

How do you configure the application to display a field for entering a mobile phone number only when the check box

is selected?

- A . Use a when condition in a data transform to determine whether to show the mobile phone number field.
- B . Use a when condition in the flow to branch the flow based on case data.
- C . Use a circumstance on the check box property to create a rule variant that is effective when the check box is selected.
- D . Use a when condition in the UI form to determine whether to show the mobile phone number field.

Answer: D

Question: 57

In an insurance claim application, you have the following requirement: All claims must be resolved within 1 week. To meet this requirement you configure a service level.

Where should the service level be configured?

- A . The process
- B . The stage
- C . The case type
- D . The step

Answer: C

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
